PROMISED BUM SHOTS!

Dear Suzie,

I was delighted with the **Best of Thrills** because it featured two series of shots of a fantastic young blonde - I think her name was Trace. I say "I think" because my mates borrowed the mag and I haven't got it back yet. Anyway, whatever her name is, she looks like an expert prick teaser and a proper little madam - an old wankers dream! (I'm not so old - 35). My favourite views of her are of her tender pale bum - I had countless earth-shattering spunks over this particular piece of her anatomy.

I'm going to tell you my favourite recurring fantasy involving this girl, and hope you won't find it too filthy to print...

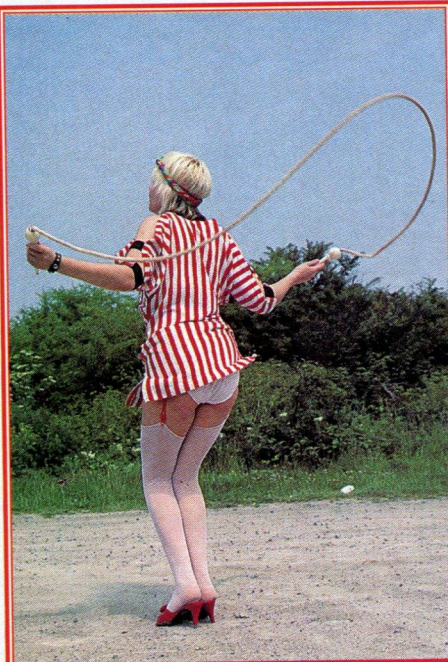

Trace comes to see me after a hard day at college. She is in a foul temper, because when she was playing hockey a "dishevelled" peeping tom fell out of a tree and came down on her head.

The young darling is now in a curious mood and effing like a trooper. She goes to a full-length mirror and stands sideways by it, pouting arrogantly. She gestures me to go to her and orders in a coarse, unladylike fashion: "Down on your knees, wanker!" I fall down behind her. She stands in a dominant, hands-on-hips position for a while, then raises her neat dark skirt and places her hands on her knees.

"You can kiss my arse, you bastard!" she bawls, sneering.

I slowly roll down her virginal white knickers and plant animal kisses upon her smooth proud derrière. She gives all the orders - "Kiss my right cheek - now the left!" I make sure that I don't miss a bit... She then informs me that all men are trash and commands: "Now lick my hairy anus!"

I part her cheeks wide and bury my face between, breathe in deeply, then urgently tongue

SKIP THE OTHER MAGS...

the sweet child. When I surface for air, I see her in the mirror above me, looking at the beast at her backside, her mouth curled with cruel, victorious

female disdain. "Wank off!" my angel screams. "Wank off!" My hand hurries to my cock and I happily oblige.

Trace then tells me to steady her with my hands, so I get a good grip on her girlish cheeks - the next moment her right leg shoots back and she footsies my grateful purple bollocks! Half an hour later I come, with my face buried far in her delicious arse cheeks... My blonde tormentor now takes me to bed and squats heavily on my somewhat flattened countenance, for she knows I'm devoted to her rippling rump.

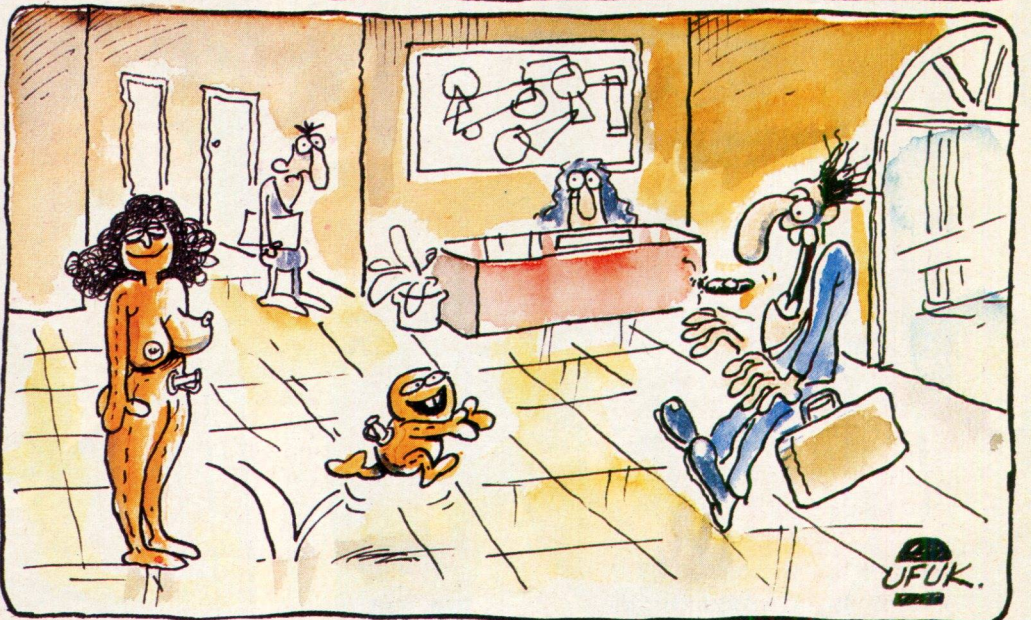

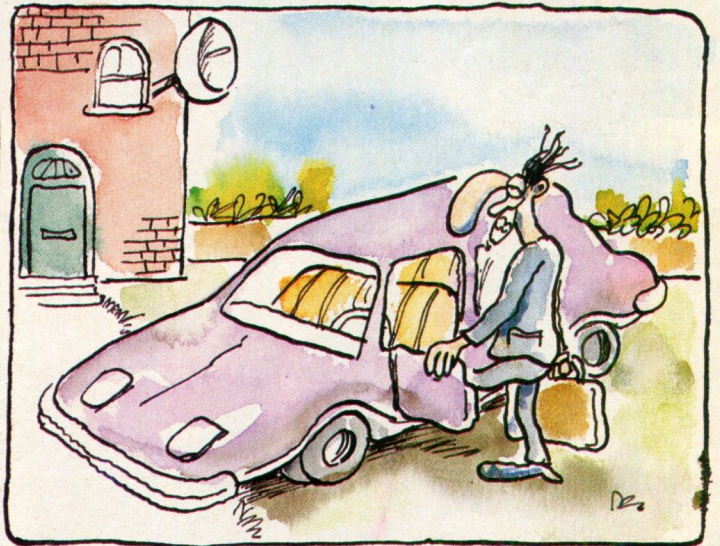

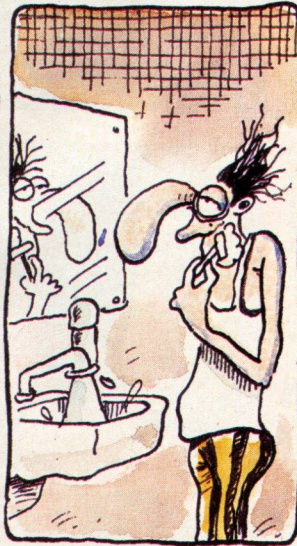

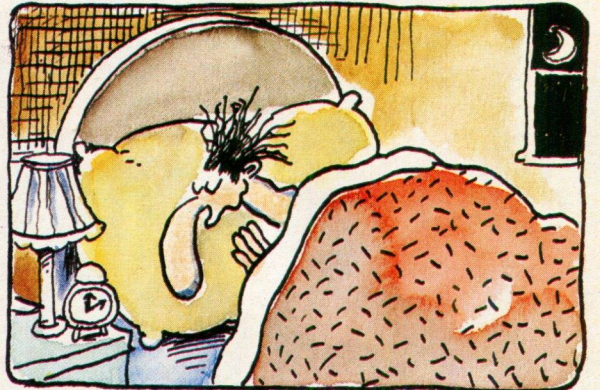

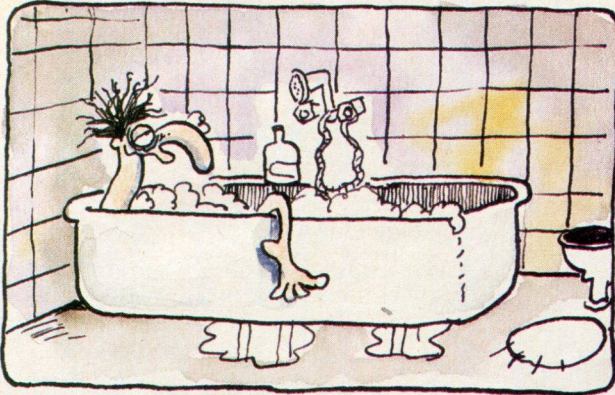

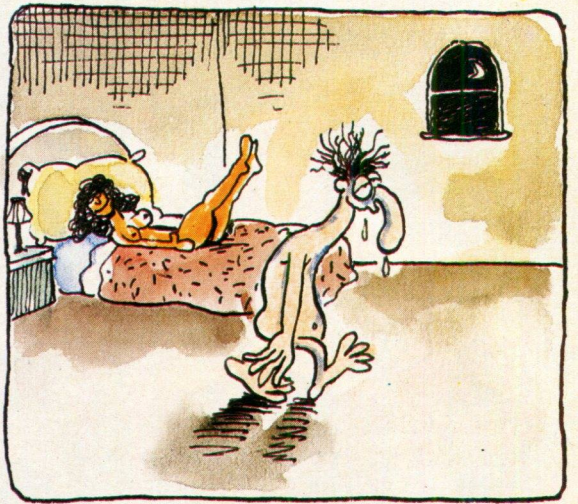

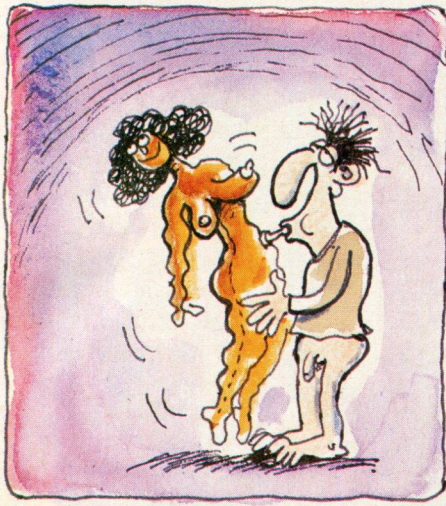

She mouths more crudities as she sits on me like a queen on a throne, and tells me all about her hard day at college. An hour later she dismounts and sullenly gets to her hands and knees. I quickly attach my dirty pole to her beloved cunt and fuck her like a runaway stallion, my cock growing still more during this feast of adorable fanny. I am in control now, and shag her till my sperm explodes. She wriggles and writhes ecstatically, pleading for more.

My delightful young companion decides it is time to leave, and gives me a parting present: her soiled knickers which she wore that day. Before she goes I give her a fond kiss on the cheeks, and she promises: "I'll get some close shots of my bum printed in **Thrills** for you."

YOUR BEST BONK!

My name is Vicki, I'm 34 years old and married to a lovely guy - but that doesn't stop me having fantasies about sex - and my favourite one is what I call my "tart up an alleyway dream". I love the thought of having anonymous sex, though nothing like this has happened to me in real life. Anyway, I'd like to share this with your readers. It always starts off the same way.

The dark, high-walled alley rings with the click of high heels and the shrill laughter of two young couples.

"I don't think we should trust these two," grins one of the girls, a pretty, bosomy blonde in her early twenties. Her arm is tight around the waist of a dark, curly-haired man in his late twenties.

"They look a bit dodgy to me."

"Don't you believe it, love," the dark man cries. "We're honest as the

day is long. Aren't we, Barry?"

The other young man who is fair and stocky, laughs. "No word of a lie, Pete." The petite brunette, whose narrow waist his arm encircles, gives a snort.

"Oh yeah? The only thing straight about you two is what you've got hanging down between your legs!"

Both men laugh. "Did you hear that?" cries the dark man. "Impugning our honour, she is!"

"And what's this about hanging down between our legs" the fair man asks. "Mine's not hanging down. Is yours Barry?"

The girls giggle. Abruptly the darker man halts, and pulls the blonde against the wall of the alley.

"This'll do Pete," he says. "No one comes down here."

On the opposite side of the alley, the light from a far-off street lamp

shows the fair young man leaning over the brunette.

Backed against the rough brickwork, the blonde frowns up at the dark-haired young man.

"Stopped for the view, have we?" she asks him.

"And the feel," he murmurs, bending. He presses his mouth over hers. For a brief second she sucks in breath, then her mouth opens and she pushes herself against him.

As they kiss hungrily, his hands unzip her leather jacket, lift her tight, ribbed sweater, and slide up the warm smoothness of her stomach onto the cups of her well fitted bra.

"Here," she grunts, squirming away. "you're keen!"

"I can't help it." The dark man's hands gently squeeze her breasts.

"You've got such gorgeous tits!"

"Don't be crude." The blonde's

OUR WIVES WILL DRIVE YOU WILD!

voice softens into a grin, then she sighs as his thumbs fan across her nipples, feeling them harden through the bra material. "And don't do that either or you'll get me going..."

"What's wrong with that?" The girl's eyes close as the man's fingers stroke her nipples.

"Just because you buy me a few drinks in a disco doesn't mean you can do what you like," she murmurs, and gives a soft moan as he gently tweaks a nipple between thumb and forefinger. She moans again as his leg eases between her thighs, his broad thigh pressing the soft warmth of her crotch.

"I don't know you at all," she breathes. "You could be anyone - a lunatic, or married or something."

"Or just a bloody good fuck," he whispers, bending closer.

"You dirty bugger!" She smacks his chest. "What do you think we are, tarts or something?"

There's a sigh from the opposite side of the alley. The dark man glances round. The other man is leaning back against the brickwork, eyes closed, the flesh of his thighs showing pale beneath his jacket. The brunette is kneeling in front of him, head bobbing back and forth over his crotch.

"No, I bet you're highly respectable girls," the dark young man murmurs.

Turning back he kisses the blonde hungrily again. As she squirms against him, his hands squeeze her bottom, slowly hoist her skirt and burrow under the waistband of her pants.

In a moment one hand is

fleshy lips, working a fingertip into her slit and smearing the warm moisture over and round her clitoris.

In a moment she breaks off the kiss, slumping against his shoulder as she pants fiercely.

"Oh... oh..." she whispers. "Oh you sod, that's gorgeous."

"Take your knickers off," the dark man rasps in her ear. "I want to have you!"

The blonde gasps, and moans, then shakes her head. "I can't..."

"Don't be stupid. You're dying for it."

She moans again. "My boyfriend - I promised I wouldn't let anyone else do it in me."

"I'll be careful." He's already tugging at the sides of her pants, yanking them down her thighs. "I've got fantastic self control; I'm noted for it. I'll pull out in good time. I can keep it up for hours if I want to." The girl shudders as he bends to draw her pants over one high heeled shoe. Rising again, he slips a hand under her bare thigh. "Why don't you bend over against

the wall, then I'll fuck you from behind? More comfortable that way."

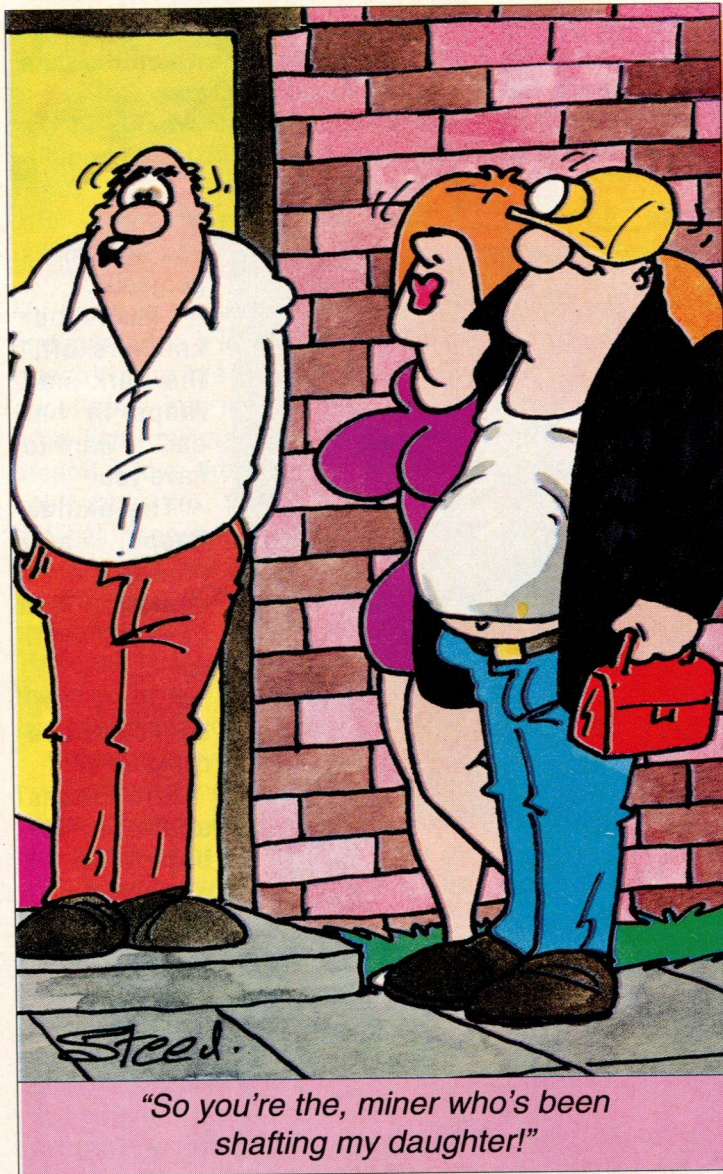

"Oh God," the blonde murmurs as she turns, and leans against the brickwork. The dark-haired man unzips himself.

"You've got me like a bloody rolling

squeezing one neatly rounded cheek, while the other is sliding round, down into the v-shape of her crotch.

She moans again as his fingers comb the flattened curls of her pubes, then grunts and jerks as he reaches her labia. He begins to rub the damp,

"So you're the, miner who's been shafting my daughter!"

she hisses. "I can't do it! Pull it out!"

"Don't be silly," the man murmurs. "You're just nervous, that's all. Just take it easy. Look, it's going in, easy as pie."

There's a soft liquid sound as the cock penetrates, stretching and spreading her puffy lips.

"Oh, God..." she begins to pant fiercely. "Oh, be careful, be careful..."

"Here we go," the dark man breathes. He begins to jerk forward from the hips. His cock pistons slowly in and out, sinking deeper with each thrust. As his

pace gradually quickens, the blonde braces herself against the brickwork. She lets out a wail, almost losing her

"The girl moaned softly as the cock eased out of her"

balance, clutching at the wall, then shudders violently. "Oh stop!"

The man obeys. Panting heavily, the girl drops her head. "I'm sorry" she grunts. "Can't take anymore - not for a minute. You didn't come?" Her hand reaches down between her legs, grabbing at the stiffened shaft still embedded in her pussy. "You're still hard," she gasps.

"Take a breather, eh?" the young man says. The girl moans softly as his cock eases back out of her.

"His shaft began to piston harder and faster than before"

"You're not upset?" she asks, head still down. "I'll be alright in a second. It was great."

"Fantastic," the young man says. Eyes closed, the girl takes deep

pin. Lift your bum."

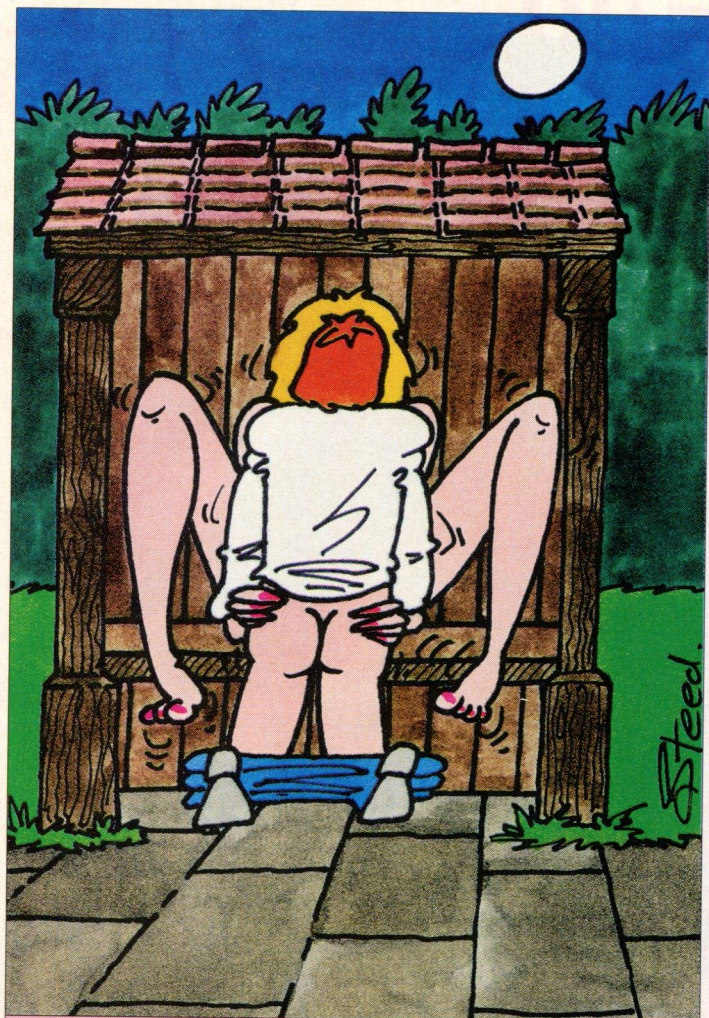

The blonde moans as the young man throws back her skirt, exposing the pale flesh of her buttocks. As she arches her back, her cheeks rise. The young man grasps the thick shaft of his cock, steadies himself against one hip, and leans forward.

"God, you've a fantastic arse, love!"

The girl gasps as his broad knob passes between her cheeks and touches the fleshy opening of her sex. He eases forward. The girl stiffens.

"You're too big!

*"Looks like the only thing coming
is my last bus!"*

breaths until she realises the young man hasn't spoken for a moment.

"You still there?" she asks.

"Course I am," he says.

Hands immediately grip her hips. The warm stiffness of an erection bumps her bare cheek. The girl chuckles. "Ready for more, are you? Alright then. I suppose I can trust you now."

She sighs and lifts her buttocks as the shaft pumps between her thighs, angles upwards and nudges her labia. She gasps as it begins to sink into her.

"God," she hisses, "I don't know how you keep it up."

***"His crotch was
hidden by the
brunettes head"***

Then her head bows again as the shaft begins to piston, harder and faster than before.

"Oh, no..." the girl groans. "Oh, no... I'm going to do it this time... I'm going to come... I'm going to come! Oh, be careful!"

Her wail comes again as her whole body jerks - a beat before the cock in her pussy jerks, too, and then erupts into a pumping rhythm. "Oh shit!" the girl squeals. "You did it in me!"

"Don't be silly, love," calls the dark-haired man. "Gave my word, didn't I?"

Slumping against the wall, the blonde twists round. Still buried in her, the fair-haired young man grins back at her. The darker man smiles from across the alley, his crotch hidden by the brunette's bobbing head.

"Course Pete didn't give his word..." he calls. Then his face freezes and he groans as the brunette begins to swallow!

GOING ON A BLIND DATE!

Dear Suzie,

When I agreed to go on a blind date with Pam, I never dreamt it would turn out to be such an unforgettable experience - and I only agreed to it because my mate wanted to take her girlfriend out. Anyhow, I arranged to meet her and it went well.

After a pleasant night out, we went back to her place. We spent some time talking and drinking, then she suddenly got up and went into the

next room. A moment later I heard her call my name.

I went into the room - her bedroom - to see Pam in the process of undoing her dress. Deliberately teasing me, she took a full two minutes to remove her dress and bra, but when she'd finished, I caught my breath; her enormous breasts hung free - and she watched for my reaction. I stripped to my underpants and lay on her bed, to which she said: "We're not shy of letting a lady see our manhood, are we?"

"Sorry, we don't do a five thousand cum service!"

Smiling I pulled down the elastic of my pants, and her eyes widened when she saw my size. She watched as my cock stiffened to it's full nine inch length. As the skin became completely taut, I slipped back the foreskin, revealing the glistening, red knob.

Pam climbed over me, legs apart, and lowered her vagina directly over me. I entered her with ease, and it wasn't long before she had a powerful orgasm.

After this, we had breast sex, and then came the highlight - she went down on me. All in all, it was quite an unforgettable session!

Peter,
Farnborough.

A 10-INCH COCK!

Dear Suzie,

I am replying - somewhat belatedly - to a letter in your pages. Yes, of course a 10-inch cock is possible. Hasn't this guy ever seen a stag loop? And besides, I've had a 10-inch cock ever since I was fourteen. I don't happen to think that nine inches is particularly rare either. In fact it strikes me that this guy is typical of all those who, because they're only moderately-hung, don't want to think of guys like me walking around and fucking their women's brains out behind their backs!

To add to their misery, I should inform you that my cock is pretty thick

"GET YOUR HANDS ON BIG ONES..."

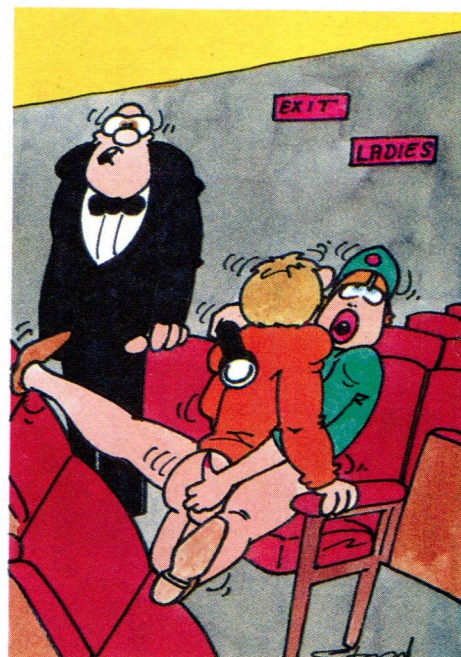

too: seven and a half inches in circumference, guaranteed to get those horny ladies really turned-on (I'm only teasing, I've got a big one alright, but my ego is probably smaller than the average man).

So, to all readers who envy big-cocked chaps like me, take my advice and don't. I've met plenty of girls who have been unwilling to fuck me because of my size, a few who've refused outright, but plenty who, while managing to accommodate it, have complained of soreness and discomfort afterwards - particularly my more "petite" conquests.

Fortunately, while not having the sexual tastes of the average Turk, I nevertheless prefer larger women, probably because I abandoned my virginity to a mature - and physically rather large - woman when I was just seventeen. She taught me (appropriately enough) biology at my

school, and if I had a pound for every schoolboy hard-on she was responsible for, I'd be a millionaire. She was tall, with long, shapely legs and very full breasts, which she tried, unsuccessfully, to conceal from us wank-happy kids by means of very elaborate and restrictive brassieres.

If indeed I had known that this magnificent lady had any designs on me, I'd have whacked my cock off in excitement - but I simply never had a clue. Until, that is, she approached me as I was getting in my car, towards the end of my final term. Would I give her a ride into town? The hell I would! Unlike any woman I have ever met before or since, she was totally open about her intentions. As I drove, she told me how she'd been watching me in the gym and on the running track, and how she'd noticed my keen physique and the "impressive" bulge in my trunks. She

"Just show the Patrons to their seats, Miss Dorkfeel..."

...YOU'LL LOVE IT!"

said her husband had been killed in the war, and while she'd come to terms with living alone, she was getting desperate for cock. So long as I promised not to develop a "stupid teenage infatuation", I could use her physically just as much as I wanted. I remember her reaching down as I talked, stroking the cock that she knew full well she'd talked into a solid hard-on.

This mature, intelligent woman didn't want to kiss or cuddle; she purely and simply wanted cock. At first I found her brazenness a bit overpowering, but as soon as I'd slipped (or squeezed, rather), my ten inches into her, I knew what sex was all about - and by the same token she knew exactly what she wanted, specifically a lot of heavy finger fucking as a prelude, then to be up-ended into the all-fours position and fucked as violently as possible, with my thumb shoved hard up her as she wiggled about.

On later visits, she would wear erotic lingerie or see-through nighties, but she quit doing this when I complained it made me too excited: she hated nothing more than me popping my nuts too soon! Inevitably, I did become hung-up on her, and finally blew it by breaking her golden rule about "no surprise visits".

However, I'm pleased to report that my bruised ego survived, and I sincerely hope my ten inches of cock will stand up to a lifetime of equally voracious women!

Andy, Torquay.

TAKING THE JUICE!

Dear Suzie,

I am writing with the intention of turning your readers on - and myself too. I'm 22 years old with what they call a "pert" body, meaning that while I'm not large-boobed or full-of-figure, I thrust out and I'm cheeky with what I've got. Now my legs are good, and that's why I get mistaken for a dancer every once in a while. I'm not at all shy about flashing my body around to people - who appreciate it, and once I've locked on to a mutual thing, well, then you can bet that I'll go all the way - if I have a mind.

I don't live with anyone as it happens, and I'm not on the lookout either. But I do cater for tastes, though. Take Malcolm, for instance. He's this sweet and rather elderly guy who works in a costume-hire shop, and it was him who sprang me my first job, when I didn't have a credential to my name. Apart from the obvious delivery and front-of-house sales aspect to my appointment, I guess what I liked most was when Malcolm took me backstage, so to speak, to model the merchandise.

At first I didn't see anything wrong with it. Malcolm was a regular guy (still is) and never tried anything, although he had plenty of opportunity in the basement - a scream from me wouldn't have fetched a rat in that vault. But I did notice that when I put on various costumes, Malcolm would get slightly agitated, and want to fuss around my body "putting things straight", like checking hems, seams, and all that baloney.

Actually, once I'd caught on completely (that was when Malcolm checked a suspender/stocking connection and just went on stroking long after he'd checked it), I got kind of turned-on myself. He wasn't brutal or impatient - in fact, his hands are incredibly soft. When they sort of crawl up my thighs and hover at my pantie-line, I guess you could say that I'm leaking a little juice. I mean, it was tantalising.

Then we gradually got around to the stage where I let his fingers inside and did a kind of trade-off by scuttling inside his zip and pulling out what was really quite a monster cock - nice large purple head, thick at the stem and certainly long enough to fill a young girl's needs.

Sometimes, he'd fancy a wank, and other times he liked it if I got between his legs and gave him a force-nine blow.

One particular outfit seemed to blow Malcolm's mind a trifle. I don't mean the outfit itself - it had to have me in it - if you get my drift. As soon as I put the stuff on, I heard him suck in his breath and announce that I looked like a dancer. I should have been one, he said. There was something about the little tu-tu that really wet Malcolm's whistle. As soon as I had it on, he'd tell me in that harsh whisper that he had to lift it up. Well, I kept lifting it.

"What are you looking for, Malcolm?" I asked him. "Have I got moths in there or something?"

"His face was inches away from my crotch. He could smell my excitement"

He told me, close-up now, that I ought to have a bikini shave, since it offended clients when I paraded like that.

"But it doesn't offend you, does it?"

I said, cheeky as you please.

Well, an answer wasn't required because there he was, down on his knees, pulling at the pantie elastic and mumbling that it was a shade loose. "I know," I told him, taking them off. "You just can't get them to stay on these days."

His face was inches away from my open crotch now and he could smell my excitement.

He drew a finger along the crack from where it meets my arsehole right up to my clitoris. I'm telling you, it nearly had me through the ceiling.

"Do it again," I said. "That was incredible." He agreed, only on the

condition that I did a proper striptease. That wasn't difficult. I started at the top and worked my way down.

As soon as I was nude, I walked up to where he was sitting, peeled open his fly and began to suck. He was holding my discarded knickers in his hand, while the other rested on my head. His prick felt pretty large in my mouth but nevertheless I got all the juice out of him.

Now we play these games in the evenings. You see, I've moved jobs - but Malcolm's tricks are too good to pass up.

Wendy, Balham.

GIVING A GOOD SERVICE

Dear Suzie,

I know estate agents are hardly the best loved people in the land, so maybe telling you about some of the sexy antics I get up to will help redress the balance a little.

My name's Denise and I've been in the trade three years now - and there's plenty of fun times I could tell you about, but the best has to be the time I was handling a deal over in Suffolk. It was a rambling old manor house and the buyer was a youngish guy called Dominic, who'd made his pile in the City, and was now looking to convert it into bricks and mortar.

He was unattached and all through the early stages of the deal I was thinking of how I could convert his interests into something hot and horny. But that wasn't all. There was another factor involved - my boyfriend, Charles.

Charles and I have been together five years now and the reason that it's still hot - is that we have an open relationship. If we fancy someone else we don't hold back we do it - either solo or together, if we can. In this way, we're on near permanent heat and always ready for fun.

The night before I had to meet Dominic at the manor, Chas and I discussed what to do and by the next afternoon we had one hell of a plan.

Nothing succeeds like sexy undies and I'd made sure I was dressed to kill. The sundress I was wearing was short and virtually see-through and as I showed Dominic round the house I made sure I was leaning over plenty - so he got a good eyeful of my stockings and my curvy bum displayed in my tiny knickers. After half an hour, I was certain he must have got my drift and sure enough, the next time I leaned over I felt his hands stray on to my cheeks and start fondling me through my panties. Instead of standing up I stayed bent over and wiggled my arse against his hands. I looked over my shoulder at Dominic's grinning face.

"I wonder what's on your mind?" I asked cheekily.

"Same as yours," he replied, pressing his groin against my bum and grinding it in slow circles so I could feel his hardness through his suit pants.

"Mmm," I murmured, "don't stop, whatever I do..."

I reached for my mobile phone and dialled Charles' number. He answered immediately.

"How's it going?" he asked. "Is he in your panties yet?"

I felt Dominic's hands creeping into my knickers, cupping my warm furry pussy from behind, and stroking the fleshy folds.

"Oh yes," I answered. "He's doing very well."

"...hands creeping inside my knickers..."

Charles' voice was husky and I knew he was reaching for his cock.

"How big is he?" he demanded. "Is it a big one?"

I told him I wasn't sure but I'd have a look. I slid onto the chair over which I'd been leaning and started unzipping Dominic's trousers.

"It's big!" I breathed into the mouthpiece as I tugged it free of his boxer shorts. And I wasn't lying - he had something any man would have been proud of. As I smoothed my palms along its length, I heard Charles asking me how he tasted. "Listen," I said and, holding the phone close to my mouth, I leaned forward and started sucking on that fine stiff prick, gobbling him noisily so Charles could hear everything.

"Lord!" I heard him breathe. "That sounds good! Let me ask him how it feels."

I handed Dominic the phone. I never heard Charles' question, but Dominic nodded and said: "Feels like heaven! She knows what dicks like, all right!" Then he was moaning too much to say anymore as I was pulling out my favourite tricks; running my

finger nail up the crease of his bum to tease his balls, and nibbling lightly with my teeth round the glans.

Then the phone was back against my ear. "Let him fuck you, Denise," panted my man, lustfully. Listening carefully, I could hear the rhythmic slap of his hand in his lap and the thought of Charles' cock all big and hard got me hornier than before and I arched over the chair, my bum up in the air, thighs parted as I tugged my dress off completely and gripped the

chair arms as tight as I could as Dominic stationed his thick cock against my ripe pink pussy-lips.

"Ohhh! Mmmmm!" I moaned as Dominic steamed into me, his rigid tool pushing past my pliant, quivering lips and inch by inch filling me to the hilt. I pushed the phone to my mouth. "He's fucking me, baby!" I gasped. "He's fucking me hard!" I pushed back against the deep thrusts of Dominic's cock, listening all the time to Charles' rasping voice talking dirty

down the phone, encouraging me with phrases like: "Clench that tight pussy of yours round him! Let him squeeze those pretty tits!"

Wow, I was getting higher and higher on this scene, craving more and more cock until Dominic hit the trigger and I started crying and sobbing with bliss as my climax swamped me, leaving me drained and sweaty as my client pumped me full of sticky spunk. As I came I distinctly heard Charles groan with

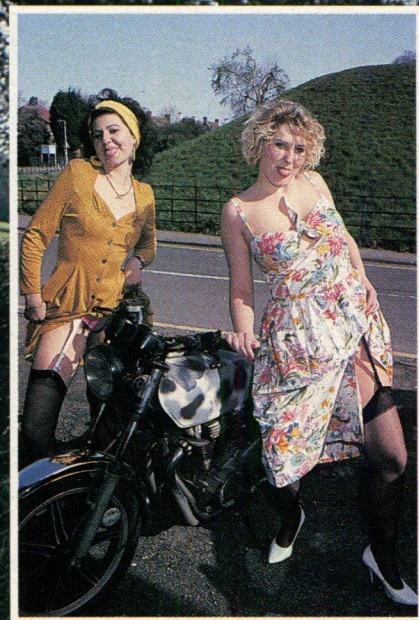

delight and the mental picture I had of his sperm flying everywhere made me cum even harder.

Did I sell the place? No, Dominic lost interest in that particular property after that, insisting I show him some other places on our books. As things turned out, I sold him a far bigger place, which only goes to show that nothing beats good customer service in out business!

Denise,
Ipswich.

A PLEASANT SHOCK!

Dear Suzie,

Even as I'm writing this down I'm shocking myself, because I never believed I was capable of behaving the way I did, and this is how.

I share a house with two other girls, one of whom, Kelly, is a nurse, so when we decided to hold a housewarming party and made it fancy dress, Kelly came up with a cheap and easy solution to my outfit problem by lending me her uniform. She's slightly more petite than me and my curves were stretching the thing a bit, but with stockings and the little white cap perched on my tousled locks, I thought I looked as sexy as hell. And I

did - too sexy, as it turned out!

The party was swinging and my appearance was certainly picking up more than the occasional comment,

mostly from those men present and along the lines of: "Fancy looking at this lump I've got, nurse?"

No prizes for guessing where the "lump" was! Anyway, I tried my darndest to ignore the majority of offers I got, but as the night wore on, my tolerance threshold was under as much strain as my uniform.

I was getting randy, no doubt about

it. My tight knickers were rubbing teasingly against my pussy and - well, let's face it, I was open to offers. At one point, any man who'd asked could have had me, but it wasn't a bloke who succeeded. No, it was a girl!

Her name was Angie, a friend of Kelly's, and when I started talking to her I never suspected she was any sort of lesbian. She just seemed a very attractive girl, about my age, with flowing blonde hair and a full figure

"As we kissed her fingers were unbuttoning my outfit caressing my boobs"

that blossomed from the skimpy gown she wore - I think she said she'd come as a movie starlet, though it's hard to recollect in any detail.

Anyway, we started talking about men; in particular I was going on about the number of proposals I'd had that night. Angie suggested we go somewhere where we could hear ourselves talk and somehow we

ended up in the back room, which was still being decorated. We continued chatting about naughty things and we were giggling like crazy when suddenly Angie put her arms round me and kissed me full on the lips. I was stunned, but I didn't pull away. It felt nice and I was so randy by now, it seemed OK.

"Have you ever gone with another girl?" asked Angie.

I said I hadn't.

"Why not?" she asked. "It's ever so wicked."

And it was! I was surprised to find that it didn't feel weird or kinky or anything like that. In fact, Angie's soft lips on mine felt wonderful and soon I was kissing with as much, if not more passion than if I'd been with a bloke. As we kissed, her fingers were unbuttoning my outfit, caressing my boobs through my bra, and stroking my stomach. She was breaking down any resistance I might have had to her caresses. Soon I was practically swooning in her arms and breathing hard as she lowered her mouth to my boobs and gently licked and sucked at my stiff nipples. I was aroused - fully! - and I wanted more.

In the corner of the room stood a stepladder. "Get up there," Angie whispered. "I'll do something that will blow your mind."

I clambered up on the ladder until my pussy was level with Angie's pretty face. Next, I felt her lips on my thighs, kissing me above my stockings. Her kisses on my soft

flesh felt so bloody good, I was in seventh heaven when she tenderly

tugged my panties aside and began planting hot little kisses and licks upon my pussy lips.

parted my thighs wider, put my hands on my tits, squeezing and kneading as Angie's blonde head disappeared between my legs and her moist hot tongue slithered into my pussy. God, she knew what she was doing! And it was all I could do not to fall off the ladder as she licked hard at my hot and hard clit, the swipes of her tongue becoming more feverish as the juices started to flow freely from my slit.

"Oh Jesus!" I cried, my grip knuckle-white on the steps. "I'm going to cum!" I couldn't believe it - I was truly coming. Hard. And Angie never let up once, she just continued slurping and licking me as if nothing else mattered. I lost count of the number of times I came, and when she pulled away - her chin glistening with my juices - I was so turned on I offered to go down on her, but Angie shook her head.

"Just consider it a favour from one girl to another," she said. "At least now you won't wake up with some sleazy fella you'd be ashamed to know."

Well, I guess that was one way of putting it and, thinking back, it made pretty good sense. I haven't seen Angie

since the party, but in a way I hope I will. I might only have had the briefest taste of lesbian sex, but it's sure whetted my appetite for more.

SURPRISE, SURPRISE!

Dear Suzie,

My wife Donna and I have been married for six years and, as with many couples, our sex-life has become a little boring due to familiarity. So, to hopefully add a bit of excitement to our love-life, I left work early one afternoon with a big bunch of flowers and planned to surprise Donna who was at home.

I crept in quietly, listening intently for any noises which would help me locate which room she was in. From upstairs in the bedroom I could hear a little buzzing noise, and as I crept up the stairs I thought that Donna must have been shaving her legs.

But when I opened the bedroom door I got the surprise of my life. Lying on the bed with her eyes closed and her legs wide open with a vibrator plunging in and out of her pussy was Donna. And because she

was so engrossed in pleasing herself she hadn't even noticed I'd entered the room.

Donna's breathing was really heavy and the way her lips were quivering made it obvious she was on the verge of orgasm. Seeing that flesh coloured vibro drive in and out of her was making my cock ache to be between her legs. Without making too much noise or movement I undressed, my eyes never leaving Donna and her wanking weapon.

Then as she was crying out, "I'm coming!" I climbed onto the bed and crouched over her. Her eyes sprang open in shock until she realised it was me.

"What are you...?" mumbled Donna, her protests being crushed by my searching kisses.

Moving down along her neck my lips fluttered over her breasts and I could feel the vibrator tingle against my stomach as it continued to tease Donna's pussy.

Reaching down I took the sex toy in my own hands and began to fuck her with it. It was thicker than my prick and it was nice to see how my wife's pussy looked close up, while being fucked. I could see juice dribble along the side of the vibro and my cock was aching so hard now, that I couldn't wait any longer to ride her.

Pulling the vibrator out of her I replaced it with my eager prick and began sliding in and out of her quickly. Because she was so worked up her cunny felt a little different - more slippery yet really throbbing.

Donna's legs were wrapped around my back and every stroke made her gasp loudly, a look of immense pleasure sweeping over her face. Seeing her so horny and riding her dreamy pussy made it impossible for me to hold back any longer. Like champagne being released from its bottle, my spunk gushed into her cunny, leaving Donna shaking with intensity.

Donna's vibro now plays a major part in our sex-life. And whenever she's been good I go to the sex-shop and buy her a new one to add to our collection.

I advise any reader whose sex-life is a little dull to buy one. It makes the world of difference!

UNDERWEAR TURN-ON!

Dear Suzie,

My girlfriend likes wearing pretty underwear as much as I like seeing her in it, but she's always drawn the line at anything a bit "kinky". In vain I've bought her lacy corsets and crotchless panties, but she absolutely refused to wear them until she set eyes on a latex catalogue.

When I got home from work one day, I found her lying on the sofa engrossed.

"Look at these incredible clothes!" she said, showing me the picture of a shapely bum encased in shiny black latex. "It must be really horny to wear something as naughty as that."

Well, I've never been slow to take a hint, so the following day I bought her a cute little outfit of shiny black knickers and bra, with a matching

suspender belt. It wasn't quite as outrageous as some of the clothes you've featured, but just imagining Julie in it had my imagination working overtime all afternoon!

As soon as I got home I gave Julie her present. She disappeared into the bedroom - and reappeared an hour later, dressed up to the nines in a sexy black dress.

"Put your jacket on, we're going out to dinner," she announced. I didn't argue, as I could tell she'd made her mind up. We were well into our first course before I had the nerve to ask her if she liked the underwear.

"Of course I did," she whispered. "I'm wearing them right now. You wouldn't believe how hot and wet these shiny knickers are making me!"

Not surprisingly, I spent the rest of the meal in a high state of excitement! At one point I even pretended to drop my serviette on the

floor so I could bend under the table and get a peek up Julie's skirt. She parted her legs for me to see her creamy thighs above her stockings, and her plump little pussy mound covered in shiny black latex.

After that, I couldn't wait long enough to have coffee! We left the restaurant and drove straight home - rather too fast, but the anticipation

was driving me crazy! As soon as we got through the door, Julie lifted her skirt up to her waist and stood above me on the stairs, turning round so I could see how closely the panties hugged her bum and outlined her pussy.

I dashed up the stairs after her and pulled her dress right off, feasting my eyes on the way her tits were squeezed so her nipples stood right out. The knickers were so tight I could even see the contours of her pussy lips through them. Julie was just as horny as me, sliding her

***"I need your cock
in my cunt"***

hands between her thighs to stroke the smooth, slippery surface of her underwear.

My hands soon replaced hers, kneading the hot, glossy surface and easing it little by little between her pussy lips.

"Fuck me now," she moaned. "I need your hard cock in my cunt!"

It turns me on like crazy when Julie talks dirty to me, and my prick was

throbbing as I pulled the crotch of her panties aside so I could fuck her.

She was dripping wet as I thrust my cock into her, and the added friction of the knickers rubbing against the base of my cock made it even better. She yelled and squealed as I pumped into her, and after she'd come once with her legs wrapped tightly around my back, I turned her over to do it doggy-style.

I squeezed and fondled her latex-clad bum cheeks as I slid into her cunt again, and she wriggled with

pleasure. This time when she came it was all too much for me, and I shot my spunk inside her, pulling out at the last moment so the final spurt sprayed over her bum. Then I had great fun rubbing it all into the slippery panties until I was hard enough to fuck her again!

Julie never hesitates now when I buy her naughty underwear - in fact, she's even more excited by it than I am.

Simon,
Leeds.

0898 662108

**MAID TO KNEEL!
0898 662125**

His wife was adamant, "You agreed to work for my mother; why should she buy a new uniform?" He was stunned, "But she wants me to wear a frock!" He whispered. Joan was unmoved, "Yes. You will be her maid, and you will dress like one!"

0898 662133

MOTHER-IN-LAW'S MAID! 0898 662191

Her mother tied his apron into a hugh bow. Then, as his wife watched, she took each of his wrists and placed them inside the loops of the bow and pulled tight on the apron strings. He was helpless! His eyes bulged when she fastened the pink dog collar about his neck. His wife giggled and knelt before him. As she tied his knees together with bright satin ribbon her mother nodded approvingly, "Now he'll have to MINCE when he walks!"

0898 662160

BE MY MAID! 0898 662140

The two women spoke over his head, as though he wasn't present, "A man's first knickers should be pink. Silk or satin will do but they **MUST** be pink." The fat one said. Her sister agreed saying, "And can I spank him? Can I put him over my knee?" She asked eagerly. John cringed. John blushed. But when she held out the bright pink panties he stepped inside the elasticated waistband.

GENTLEMEN - Are you lonely tonight?!

Fed up and disillusioned with trying to find 'Ms Right'? disgusted with 'The Chase'? Then how would you like to reach over 2 million liberated and sexually attuned women for just £20!!

The publishers of 'For Women', 'Women Only' and 'Women On Top' magazines have got together with Penthouse to offer their readers the opportunity to 'get together' with our readers.

All you have to do is fill in the section below and we will do the rest! All adverts cost £20 + VAT (17.5%) per insertion and will run across all three womens titles. If you would like to keep the advert in longer (greedy), then why not take advantage of our 4 adverts for the price of 3 offer (£60+VAT)

Please run my advert in the next available issues of 'For Women', 'Women Only', 'Women On Top' magazines. Please tick appropriate box. I would like a box No. ☐ (£3.00 extra)
